PLANTS

A DESCRIPTIVE OUTLINE
OF THE VARIETIES BRED BY AND COMPOSING
THE HARROLD'S PEDIGREED STRIAN
Line Of Giant Pansies

HARROLD'S PEDIGREED NOVELTIES: This mixture is made up from individual plant selections in our breeding department. It contains some of the finest specimens obtainable in the Pansy world today. Nearly every color and form that is most desirable is represented in this mixture.

Recommended where the unusual is desired.

HARROLD'S PEDIGREED POT PANSIES: A short growing giant type, which, if grown properly in a cool, well ventilated house, will make fine individual specimen plants for pot or box setting.

HARROLD'S PEDIGREED CUT-FLOWER PANSIES: A fine giant sort which, grown under similar conditions to those above, produces many fine flowers on stems 6 to 11 inches long. Wide color range.

HARROLD'S RUBY GIANTS: The finest selection of giant red Pansies we know of. Ranging from the red bronzes and orange scarlet, to brilliant deep mahogany. These are very desirable.

HARROLD'S AZURE GIANTS: A brilliant blue companion to the above variety. Giant size and very early, producing quantities of large sized flowers on long stems.

HARROLD'S GOLDEN GIANTS: A golden yellow companion to the above two varieties. Large flowers produced in profusion makes this sort desirable, and the distinctive dark center blotch adds much to its attraction.

HARROLD'S PEDIGREED GIANTS: Our finest and most popular mixed color variety. Super-giant in size, it produces flowers ranging from 2½ to 4¾ inches in diameter as a rule. Robust compact plant habit, and long flower stems, added to this large size, makes this an almost universally useful sort. Color range is most complete with a fine compliment of novelties, and flower form and marking is most symmetrical. It will pay you to compare this variety with those you're now using.

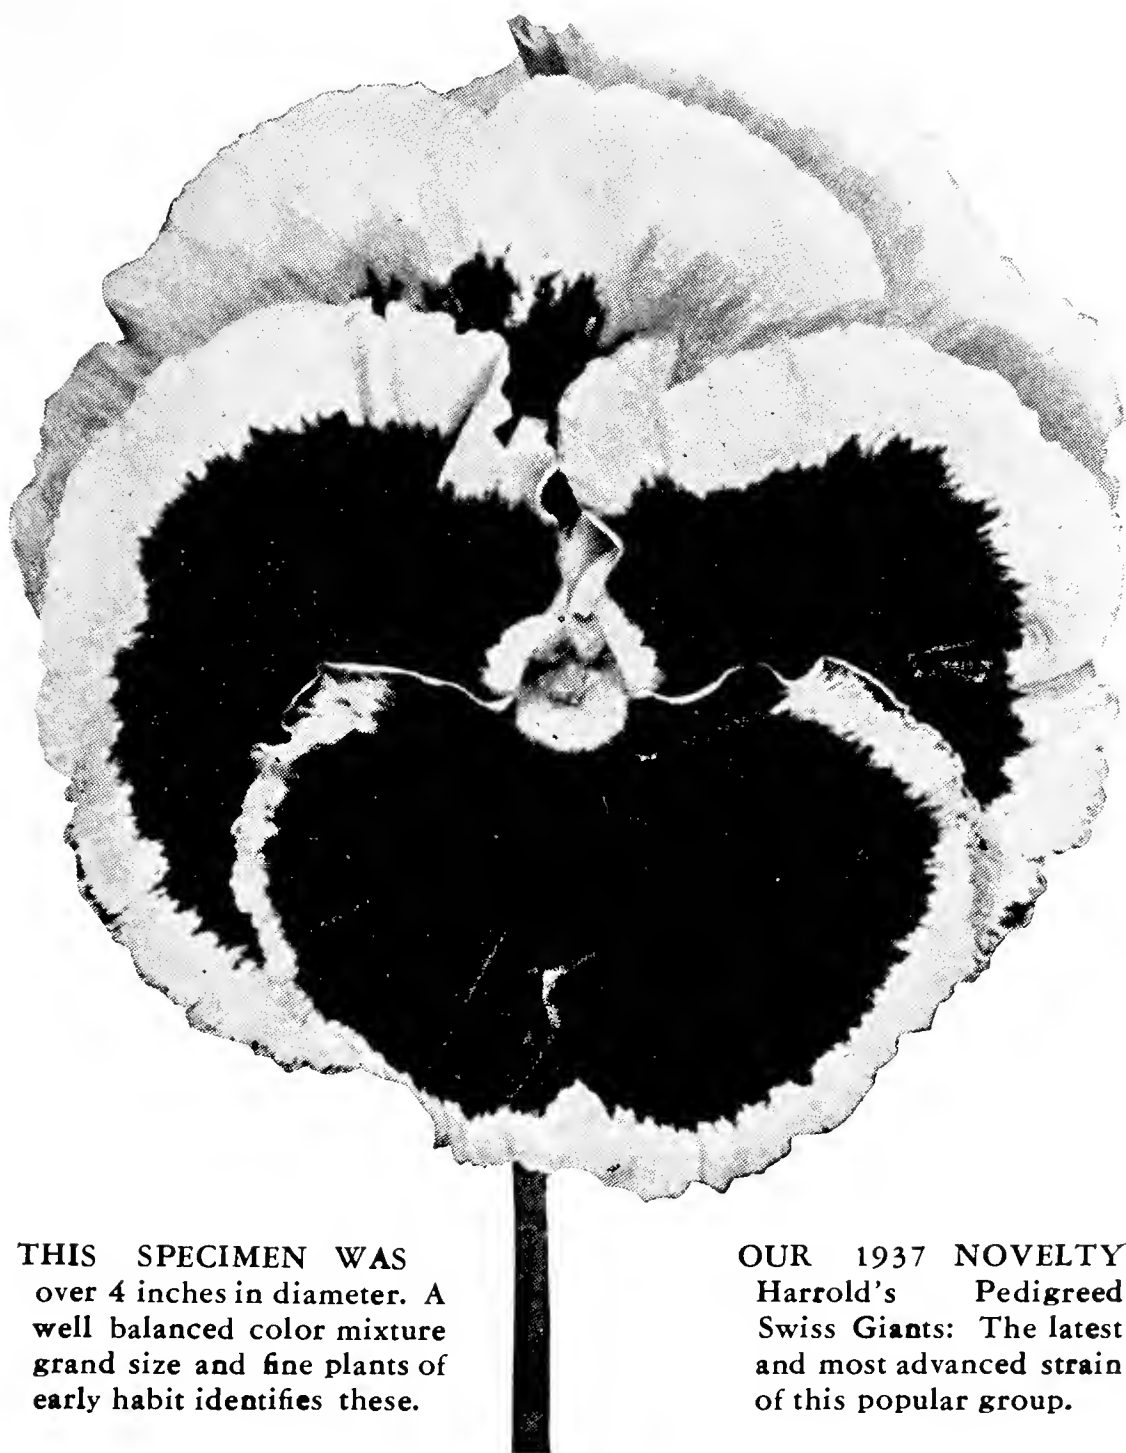

HARROLD'S ALL-AMERICAN BEDDING MIXTURE: This is a composite mixture of varieties we make up exclusively from seeds grown in our own gardens. Eighty percent are Harrold's Pedigreed Strain varieties, while the other twenty percent is composed of seeds from specimen plants in our trial grounds; where tests of other principal varieties and strains are periodically grown for comparison. This mixture is unsurpassed among the standard mixtures for the variation of types and colors contained

HARROLD'S IMPROVED SWISS: A Harrold bred strain of this popular variety that is outstanding in size and coloring, as well as being much earlier than any other strain of the Swiss family with which we have compared it to date. In spite of the many "Improved Swiss" and "Super-Swiss" strains obtainable, we predict that you will not appreciate this variety until you have given this strain a trial. Compact habit.

HARROLD'S GREATER AMERICAN PERFECTION: A modest priced giant variety, introduced by us right after moving our growing operations to the west coast. Similar to the Harrold's Pedigreed Giants in type, although not so highly developed. Highly recommended however, where a small compromise in strain quality can be made to obtain a lower price on seeds.

HARROLD'S OREGON MIRACLE MIXED: This is the lowest priced of the genuine Harrold bred varieties. With large sized flowers and its wide color range, it is a sound value. It may successfully be used as a competitor of any other sort at near its price range; being superior to most of the stock in this price range. Do not, however, make the mistake of economizing through the use of this variety in a market that more modern stock can be sold in.

Harrold Automatic Print. All rights reserved.

THIS SPECIMEN WAS over 4 inches in diameter. A well balanced color mixture grand size and fine plants of early habit identifies these.

OUR 1937 NOVELTY Harrold's Pedigreed Swiss Giants: The latest and most advanced strain of this popular group.

OUR 1937 NOVELTY
HARROLD'S
Pedigreed Swiss Giants

This is our principle 1937 Novelty which will be of interest to all Pansy growers, commercial as well as fanciers. As its name implies the stock is of the fancy type and has been bred from "Swiss" parents.

The chief drawback of the "Swiss" strains in the past has been the late flowering habits and a weakness of plant habit. These we believe we have substantially improved even over our old and tried standby in this class—our Harrold's Improved Swiss offered on page 4.

Flower color range is also somewhat advanced through additions of several exclusive new ones as well as widening the color range in the better known shades, has resulted in a more attractive coloring and the five blotched center is more prevalent than in most stock. Plant habit is compact and less inclined to leg out while the blooming period with us is but a few days later than our Harrold's Pedigreed Giants which are noted for their early flowering habits. Brightened colors has also added to the value of this sort as a subject for mass bedding, a feature of many "Swiss" strains which is entirely lacking because of dead and dark colors.

In size the flowers excell anything we have seen in this class to date and substance is somewhat improved although they are still not as heavy in substance as some of the Exhibition types. Size, of course, like with all Pansies, is dependent upon environment and culture. With us this has been excellent, ranging up to better than 4½ inches.

SEED PRICES

STANDARD QUALITY: Trade Packet, \$1.35; ⅛ oz., \$3.00; ¼ oz., \$5.50; ½ oz., \$10.00; 1 oz., \$18.00.

PLANT PRICES

SEEDLINGS: \$1.50 per 100; \$8.00 per 1000.

HARROLD'S *Pansy - Plants*

As usual, we shall have a nice lot of this stock for shipment during the balance of this season, although, quantities available are not as large as normal for this time of year. Most all normal demand can be taken care of during January and a new lot will be ready in February. It is expected from past years experience that these will be available until about April tenth. Fall demands this year have been very heavy, however, and if this condition continues there is a possibility of a shortage of this stock before the end of the season. Better book your needs early.

PRICES ON PLANTS FROM SEEDLING BEDS

VARIETY	Price per 100	1000	3000
HARROLD'S PEDIGREED NOVELTIES.....	\$2.00
HARROLD'S PEDIGREED SWISS GIANTS.....	1.50	8.00	\$20.00

250 OF A VARIETY AT THE 1000 RATE

Less than 250 of an item takes the hundred price regardless of quantity of entire order. In general this rule applies to all quotations herein.

Shipping weight ranges from 15 to 28 pounds per 1000. Shipments carry best by Express and take second class rate so that transportation costs are at a minimum.

HARROLD'S PEDIGREED *Pansy - Seeds*

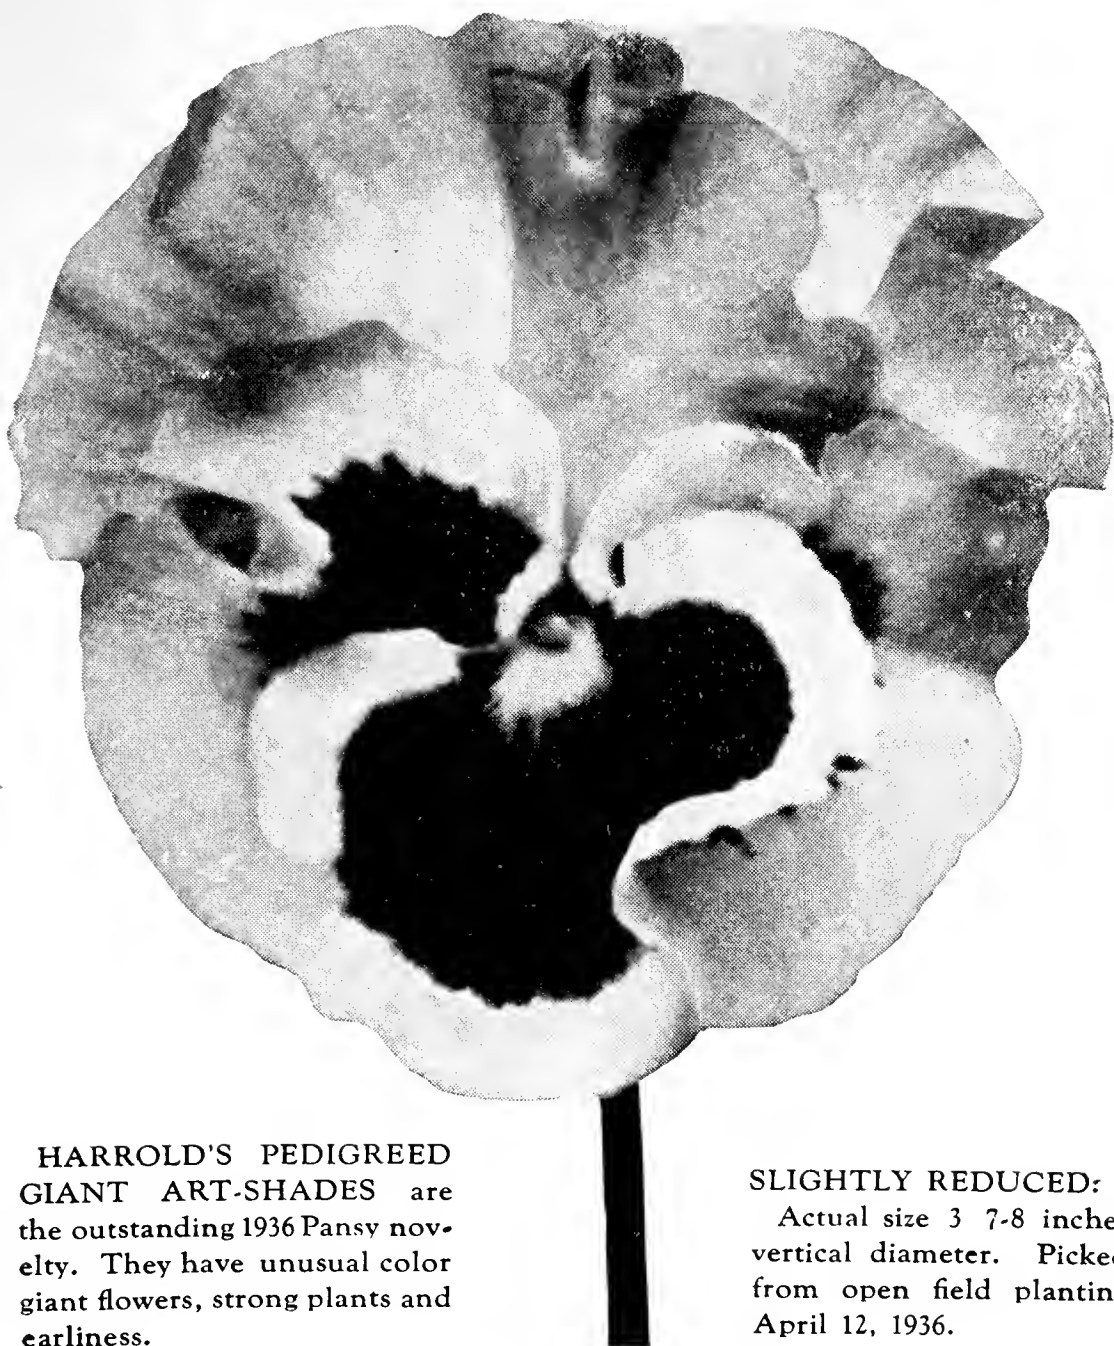

In southern districts there is still time to plant Pansies outdoors while the grower located in the north can plant in heated beds with good results up to the first of the year; or in flats from January first to late February to obtain plants suitable for spring sales. Indoor sown stock that is transplanted into frames as soon as the severe weather is past will make good stock for sale from mid-April on.

BE SURE YOU HAVE ENOUGH FINE PANSIES!

Pansies are an item that always sell well if you have quality stock like that produced by the HARROLD'S PEDIGREED VARIETIES. Many growers tell us their sales have increased 100% and more in volume and stock has brought premium prices since they adopted HARROLD'S PANSIES. There is potential profits in them for you, also, and right now is the time to lay the foundation for your participation in a profitable season next spring with seeds or plants.

HARROLD'S PEDIGREED GIANT ART-SHADES are the outstanding 1936 Pansy novelty. They have unusual color giant flowers, strong plants and earliness.

SLIGHTLY REDUCED:
Actual size 3 7-8 inches vertical diameter. Picked from open field planting April 12, 1936.

OUR 1936 NOVELTY
HARROLD'S PEDIGREED GIANT
Art - Shades

Resulting from more than a third of a century of specialized Pansy experience, this variety has been bred from our HARROLD'S PEDIGREED GIANTS, and like its parent it has a compact very robust plant habit. The flower size, while possibly little larger than the parent stock at its maximum, is more consistent and we believe the average will be found quite a bit better. Flower form, of course, meets the Harrold strict standard. Flowers are symmetrical and of excellent substance, holding their graceful shape without floppiness.

It is in the coloring of this strain, however, where the greatest departure has been made; and it is because of this coloring that we have used the descriptive name for this variety. Many of the colors are so unusual to Pansies that we have ourselves never seen many of them until this stock was developed. Markings run strongly to novelty types, giving many unusual combinations. The colors run quite bit to the light and pastel shades although a balancing of darker shades makes the mixture very attractive. Whites are rare but a new absolutely pure yellow, without markings is included in this mixture along with a substantial number of other yellows. This makes an especially arresting color mixture for counter and basket as well as garden sale. You'll certainly want some of these this year.

SEED PRICES

STANDARD QUALITY: Trade packet, \$1.00; 1/8 oz., \$2.25; 1/4 oz., \$4.25; 1/2 oz., \$8.25; 1 oz., \$16.00; 2 ozs., \$30.00; pound \$160.00.

PLANT PRICES

SEEDLINGS: \$1.25 per 100; \$6.00 per 1000; 3000 \$16.00.

General List Of *Standard Strain Pansies*

Currently In Use In American Markets

This group is composed of strains and varieties that have been bred or originated by other growers both in America and Europe, and many of them are used quite extensively by the American trade. The seeds offered here are Harrold grown in part, while some sorts come to us from other reliable growers—in some cases their originator. As nearly as possible they are all American grown seeds and for that reason will be found well acclimated to our growing conditions.

VARIETY	Tr.Pkt.	1/8 oz.	1/4 oz.	1/2 oz.	1 oz.
AMERICA: (Bodger) Florist strain of light colors.....	\$.50	\$1.00	\$2.00	\$4.00	\$7.50

QUANTITY PRICES APPLYING TO ABOVE PANSY SEEDS

The price per pound applying to quantities of 4 ounces or more of a variety may be obtained by multiplying the ounce price by ten. The result being the 16 ounce or pound price

RECTIFYING AN ERROR

In our fall catalogue, through a typographical error, our authorized wholesale plant grower in VERMONT was inadvertently listed incorrectly. Corrected address will be found on the oppsite Page among our other growers, properly listed this time. Mr. WOODS advises us that he will be able to supply seedlings in March and transplanted stock in April and it is suggested that tradesmen in the Atlantic and New England States write Mr. Wood for full particulars on this quality stock.

AUTHORIZED WHOLESALE PANSY PLANT GROWERS

GROWING HARROLD'S PEDIGREED VARIETIES
UNDER ORIGINATORS AUTHORIZATION
FROM GENUINE ORIGINATORS SEEDS.

POPULAR DEMAND FOR THESE QUALITY VARIETIES HAS CREATED such a nationwide call for them that it has become necessary to make them available under the originators supervision through reliable and experienced plant growers at strategic locations throughout the United States. In perfecting this wider distribution, two factors have been held of prime importance. First we have endeavored to place these growing contracts with only reliable growers in order that the trade might be assured of quality plants. Second, each of these growers have contracted to supply plants under the Harrold name only from seeds which were supplied them direct from our gardens.

Following is an index of varieties which compose the Harrold's Pedigreed Strain line of Giant Pansies, keyed so that you can tell at a glance what varieties each of these growers can supply. The entire line is available direct from our gardens if you wish, or each grower listed below may supply the varieties credited to him in accord with the following lists.

- PN—HARROLD'S PEDIGREED NOVELTIES
- PAS—HARROLD'S PEDIGREED GIANT ART-SHADES.
- PP—HARROLD'S PEDIGREED POT PANSIES
- CF—HARROLD'S PEDIGREED CUT-FLOWER PANSIES
- GG—HARROLD'S GOLDEN GIANTS
- AG—HARROLD'S AZURE GIANTS
- RG—HARROLD'S RUBY GIANTS
- PG—HARROLD'S PEDIGREED GIANTS
Our most popular mixture.
- AA—HARROLD'S ALL-AMERICAN BEDDING MIXTURE
- IS—HARROLD'S IMPROVED SWISS
- GA—HARROLD'S GREATER AMERICAN PERFECTION
- OM—HARROLD'S OREGON MIRACLE MIXED

For brief description of each of the above see inside front cover.

The following grower index gives a list of the varieties each may supply and is arranged alphabetically by States in order that you may select the grower nearest you who can supply the desired variety.

Each growers' varieties listed on line below name and address.

<i>State</i>	<i>City</i>	<i>Grower</i>	<i>Address</i>
CALIFORNIA	Fresno.....	P. W. German.....	Route 3 Box 29 PG—PAS

VERMONT	Westminster Station.	George A. Wood.	PG—IS—OM
VIRGINIA..	South Richmond..	W. S. Beadles & Son..	Route 10 PG—IS

While we can not absolutely guarantee the stock supplied by the above growers we believe that more than usual care has been taken to assure in supplying stock of superior quality and it is with these facts in mind that we recommend them to you. It is suggested those interested in buying, write the growers selected, ascertaining stock available and prices as it is the privilege of each grower to maintain an individual price schedule so long as it does not fall below an agreed minimum price.

HARROLD'S

Select Viola Seeds

After several seasons of trials we have at last perfected reliable specialist sources of supply for these seeds and offer them generally to our patrons for the first time. In assembling this group we have entirely discarded competitive prices and based these selections entirely upon quality. Because of this in some cases our prices may deviate some from offers elsewhere but we do not believe better quality is available from any source.

THE GEM GROUP

This group is best headed by the fine variety Jersey Gem. Other colors are similar in habit and make a nice addition to any Viola collection.

Variety	Price per Pkt.	1/8 oz.	1/2 oz.	1 oz.
JERSEY GEM: Compact violet blue.....	\$1.00	\$2.00	\$7.50	\$15.00
LAVENDER GEM: Brilliant lavender blue..	1.00	2.00	7.50	15.00
ROSE GEM: Deep rose.....	1.00	2.00	7.50	15.00
YELLOW GEM: Pure golden yellow.....	1.00	2.00	7.50	15.00
WHITE GEM: Finest white.....	1.00	2.00	7.50	15.00

STANDARD VIOLA CORNUTA

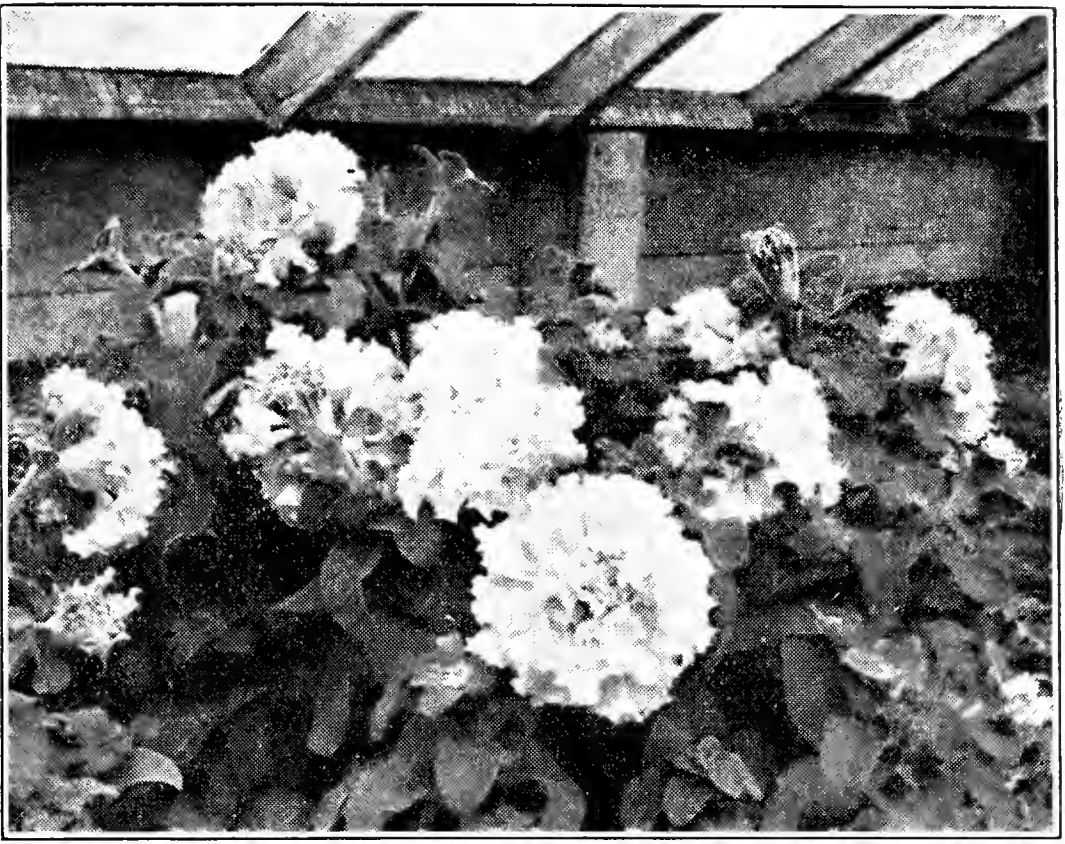

ADMIRATION: Large dark blue.....	\$.50	\$2.00	\$4.00
APRICOT: Apricot yellow tinged orange...	.50	\$.80	2.50	4.50
ARKWRIGHT RUBY: Ruby red dark center	.50	1.00	3.75	7.00

PAPILIO LIGHT BLUE.....	.35	1.00	2.00
IMPROVED SCOTCH BEDDING: Newest bedding hybrids of many colors.....	.50	1.75	3.00
WHITE PERFECTION: Large flowered....	.35	1.00	2.00

Viola Plants

This group of stock is open field grown the same as our Harrold's Pedigreed Strain Pansy plants, and this results in the same fine plant and heavy root system. Only one size is available which is summer sown just as soon as new harvest seeds arrived. They are a nice size for transplanting and handled like Pansies, can be brought into flower for spring sales when they sell most readily.

VARIETY	Price per 100	250
ROSE GEM: Deep rose.....	\$2.50	\$5.75
LAVENDER GEM: Brilliant lavender blue.....	2.50	5.75
JERSEY GEM: Compact violet blue.....	2.25	5.00
WHITE GEM: Finest white.....	2.50	5.75
ADMIRATION: Large dark blue.....	.75	1.50
APRICOT: Apricot yellow tinged orange.....	.90	1.80
ARKWRIGHT RUBY: Ruby red, dark center.....	1.00	2.00
BLUE PERFECTION: Large purple blue.....	.75	1.50
CHANTREYLAND: Pure apricot. Fine.....	1.00	2.00
LUTEA SPLENDENS: Golden yellow.....	.75	1.50
PAPILIO DEEP VIOLET.....	.75	1.50
PAPILIO LIGHT BLUE.....	.75	1.50
WHITE PERFECTION: Large flowered white.....	.90	1.80

Violas are again coming into favor and nearly every bedding plant retailer will find reasonable stocks profitable. You should try them if not already carried in stock.

HARROLD'S NEW Double Petunia *Oregon Beauty*

This new Double Pink Petunia excels in every way any variety of similar type we have ever grown. It's color a deep glowing true pink, and the extreme large size of the flowers produced in such profusion makes it one of the first subjects noticed by every visitor to our greenhouses.

We have grown this variety now for the past two years and experience with it as a retail item leads us to believe that it has no equal either for pot or bedding. The compact dwarf plant habit lends itself well to pot and box culture, while its symmetrical form recommends it highly as a border plant for bedding.

The resemblance of the flower to an extremely large pink Carnation makes an excellent substitute for these in design work, and if flowers are placed in water for two or three hours before being used they not only stand up well but outlast many more commonly used varieties in making up work. While stems are short like all Petunias they are adequate for wiring. Used for made up work they offer the advantage that they may be had in abundance in almost any season, and they make an excellent filler for use when other stock is scarce.

The photographs on this page made from one of our beds just a few days before going to press, gives a more graphic idea of their merit than word will express. We offer strictly our own propagation from a single plant selection, and as quantity will be somewhat limited this first year of dissemination orders will be filled in strict rotation as fast as possible. Order your stock early and profit by the novelty and merit of this stock.

ROOTED CUTTINGS: 25 for \$1.50; 50 for \$2.75; 100 for \$5.00
250 for \$11.00. From 2½ in. pots 10 to 25 10¢; 25 up 9¢ each.

Perennial Plants

This group of Perennials are all summer planted and open field grown as is our usual custom in handling all hardy stock. This results in good plants that are perfectly hardy, being hardened to withstand severe weather by our normally cool to cold damp weather.

These are recommended to the southern grower and gardener for planting out in open beds, and in localities where weather is severe this stock may be bedded or potted in a cool to cold house, cold frame or protected bed to grow on into stock for the spring market. We sell thousands of these plants yearly to our own retail trade here at the gardens.

VARIETY	Price per 25	100	250

PLANT SHIPPING SERVICE

Shipping of plants of all kinds are often subject to conditions not under direct control of the grower which makes it impossible at times to adhere to our usually well planned schedule. As nearly as possible, however, we maintain 48 hour shipping service excepting that shipment will not be made on this schedule if there is danger of delayed delivery through arrival on Saturday.

Weather affects preparation of outdoor stocks so delays of short duration because of this may occur in the winter months. Usually not for long tho.

If parcel post shipment is desired on any plant or bulb order you should remit adequate postage. Otherwise c. o. d. with resulting added fee will be attached for deficiency or shipment made by Express collect. This rule applies to transportation charges only, and does not abridge our terms of sale covering prices and remittance as set forth elsewhere in this catalogue. We prepay SEEDS ONLY, not plants or bulbs

EXTRA SPECIAL

Asparagus Ferns

PLUMOSUS seedlings SPRENGERI

Summer sown, greenhouse grown, these are nice now to pot into 2 1-2 inch pots. A few thousand available and some growers are going to get a real value while they last at-

60c per 100 - \$4.75 per 1000

Stock Plants

DOUBLE GIANTS OF CALIFORNIA

Stocks of the California Double Giant strain has been a specialty with us for the past three years and we offer only the originator's strain of seeds and these plants are grown from them, of course. This is a group you should try this season if you have not already done so whether you buy plants or plant the seeds.

HARROLD'S FLORIST STRAIN *Flower - Seeds*

In this section we have endeavored to include a large number of the most popular varieties of flower seeds which are customarily grown by the professional florist. The greatest care has been exercised in the selection of our source of supply and we do not believe that any better seeds are obtainable from any source. In fact in most cases we offer strains which are supplied to us direct from the pre-eminent specialist in each line. In addition to the finest strains we also use the same care in storing, testing and packeting as with our own speciality, Pansies; and it is our desire to supply you with the ultimate in strain and seed quality at all times.

FLORISTS' CUT - FLOWER *Snapdragon Seeds*

Here is a group of stock of unusual value to florists with varieties offered on the oppsite page covering the time tested standard sorts.

TRADE PACKETS

We packet our Snapdragon seeds in generous trade packets which contain 1/64th ounce, or about 2300 seeds. Prices are identical on all varieties so that any assortment of varieties may be obtained at the quantity price quoted on trade packets.

UNIFORM PRICES ON ALL VARIETIES

1 packet \$.75	5 packets \$3.00
3 packets \$2.00	10 packets \$5.50

SEE OPPOSIT PAGE FOR VARIETY LIST!

Special Florist Assortment \$1.00

We offer these assortments as a convenience to our many patrons whose requirements are insufficient to justify planting of a full trade packet each of several varieties desired. Each of these assortments contains ¼ trade packet each of any 4 varieties listed below; your selection. Sold in complete assortments of 4 quarter packets only. Approximately 2000 seeds per assortment.

QUANTITY PRICES

For those whose requirements will exceed a packet or two of each of several varieties, we quote as follows in quantities by weight. This list also gives the varieties and color discription as they are carried in our stock. Both in bulk and packets.

Fine Aster Seeds

Aster — Aurora, Golden Sheaf

Newer Varieties

In offering this new group of seeds we have taken our usual great care in the selections of both varieties and source. Most stock offered is grown for us by Bodger's. While not all varieties offered are wilt resistant we have offered only these strains where available.

EARLY DAWN: A New Novelty group of extremely early flowering habits, beginning to flower in mid-July. Flowers are double, about 4 in. in diameter with good stems for cutting. Colors—Lavender, white, rose, and mixed.

Price: 1-16 oz., 25c; 1/4 oz., \$.90,

SUPER GIANT EL MONTE: A glowing crimson companion to the very popular Super Giant Los Angeles. A 1936 introduction.

Price: 1/16 oz., 25c; 1/8 oz., 40c; 1/4 oz., 75c; 1 oz., \$2.30.

SUPER GIANT LOS ANGELES: The finest, largest shell pink Aster. Excellent as a cut flower producing flowers of Chrysanthemum texture, 6 to 8 inches in diameter, on long stiff stems.

Price: 1/8 oz., 35c; 1/2 oz., \$1.25; 1 oz., \$2.25.

AURORA GOLDEN SHEAF: Wilt resistant. Crested center. Deepest yellow.

AURORA BLUE: Light blue, yellow center.

AURORA ROSE: Bright rose, yellow center.

Price: 1/8 oz., 30c; 1/4 oz., 50c; 1/2 oz., 90; 1 oz., \$1.75.

HEART OF FRANCE: Wilt resistant. Deepest red Aster. Fine.

Price: 1/8 oz., 35c; 1/4 oz., 60c; 1 oz., \$2.00.

BALL DEEP ROSE: Wilt resistant. Deep rose, early branching.

BALL PURPLE: Wilt resistant. Deep bright purple, early branching.

BALL WHITE—EARLY: Wilt resistant. Medium early crested flowers.

BALL WHITE—LATE: Wilt resistant. Late branching. Fine.

Prices: 1/8 oz., 35c; 1/2 oz., \$1.25; 1 oz., \$1.75.

Time Tested Standard Sorts

IMPROVED CALIFORNIA SUNSHINE: An outstanding new Aster greatly improved over the old Sunshine type. Colors—Flesh, salmon pink, lavender, light blue, purple, rose, white, and mixed.

Price: 1/16 oz., 25c; 1/4 oz., 80c; 1/2 oz., \$1.50; 1 oz., \$2.50.

KING OR NEEDLE TYPE: Wilt resistant. A large quilled petal flower that ships well. Dark blue, crimson, lavender, peach blossom, white and mixed.

Price: 1/8 oz., 25c; 1/4 oz., 35c; 1 oz., \$1.20.

CALIFORNIA GIANTS: Improved strain. The largest, showiest Aster today. Robust growing and disease resistant. Apple blossom pink, carmine rose, dark purple, deep rose, light blue, white, and mixed.

Price: 1/16 oz., 20c; 1/4 oz., 50c; 1 oz., \$2.00.

IMPROVED CREGO—GIANT COMET: Wilt resistant. A fine florist group. Colors—Blue flame, Cattleya, crimson, dark violet, deep rose, light blue, shell pink, white, and mixed.

Price: 1/8 oz., 20c; 1/4 oz., 40c; 1 oz., \$1.25.

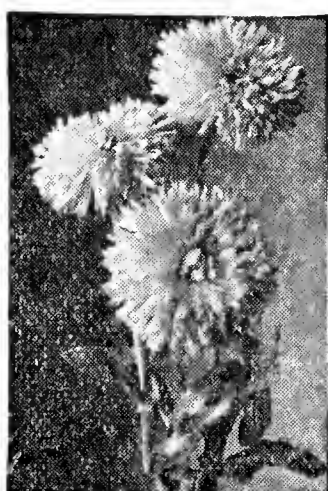

QUEEN OF THE MARKET: Improved wilt resistant. The standard early Aster. Colors—Crimson, dark blue, flesh pink, light blue, scarlet, white, and mixed.

Price: 1/4 oz., 35c; per oz., \$1.25.

EARLY ROYAL: Wilt resistant. Follows the Queen of the Market in flower. Very fine. Colors—Azure blue, deep rose, lavender pink, purple, shell pink, white, and mixed.

Price: 1/8 oz., 25c; 1/4 oz., 45c; 1 oz., \$1.25.

Florist Strain *Calendula* Seeds

Orange Shaggy

These come to us from a specialist who probably has done as much or more work with this family as any single specialist in the field. It is also from this growers cultures that a majority of this seed used for forcing comes. We feel certain that there are no better strains or varieties available today.

Pound quantity price on this group 3 times 4 ounce price.			

Cineraria Seeds

Howard & Smith's CALIF. SUPER-GIANTS - *Hybrida Grandiflora Nana* -

An outstanding new strain of *Cineraria hybrida grandiflora nana* which produces free flowering plants 15 to 18 inches high. The huge flowers measure from 4 to 6 inches across with single petals 1 to 1 1/2 inches wide. The most remarkable thing about this plant is the basal branching habit of the flower stems making a wonderfully formed flat topped clustes. Coloring is especially brilliant and magnificent.

Colors Seeds from the originators.

BLUE SHADES—Sky blue to ultra-marine, some with white zones.

CRIMSON AND CARMINE SHADES—Very rich.

SALMON SHADES—Delicate tints from light salmon to deep pink.

SUPERB BLEND—All the above shades along with many others not available separately, blended in a well-balanced mixture.

SEED PRICES: Trade Packets—about 500 seeds, \$1.00; 1/128 oz., \$2.00; 1/64 oz., \$4.00; 1/32 oz., \$7.50; 1/8 oz., \$20.00

FLORISTS' DOUBLE FLOWERING

Marigolds

We present here a new group in the Harrold's Pedigreed Strain line of seeds. These Marigold varieties have been selected with utmost care both as to strain and source and we believe them to be the best obtainable for the florist.

NEWER VARIETIES AND NOVELTIES

	Tr. Pkt.	1/2-oz.	1-oz.
CROWN OF GOLD: Gold Medal 1937— Center of flower of short quilled petals with a collar of flat guard petals at base. Color orange, plants 2 1-2 ft. flowers 3 inches. The first known Marigold with odorless foliage.	\$.25	\$.75	\$ 1.25
GIGANTEA SUNSET GIANTS: (Chrysanthemum flowered). This 1937 novelty will, beyond doubt, set a new standard in Marigolds. Combining the desirable characteristics of exceptional large size, showy colorings, and pleasant fragrance unlike that normally associated with Marigolds this will become an outstanding florist sort. Flowers are from 5 to 7 1/2 inches across on fine long stems and, while varying considerably in type, 60 per cent or more are fully double. Color range from light yellow to golden orange.	.25	1.25	2.00
DIXIE SUNSHINE: Large flowered golden yellow introduced in A. A. S., 1936. Very desirable.	.25	1.10	2.00
GUINEA GOLD: This popular florist variety has proven its worth. Color, golden orange.	.25	.55	1.00
YELLOW SUPREME: A lemon yellow companion to Guinea Gold. Fine characteristics for florist culture and a distinctive honey fragrance.	.25	.75	1.25
HARMONY: Dwarf double French type. Most charming Scabiosa like flowers of golden yellow with a maroon-red border.	.20	.50	.90
NEW DWARF ALL-DOUBLE ROYAL SCOT: An improved strain of this popular variety. Mahogany and gold in a uniform striped effect.	.25	.90	1.75

WELL KNOWN STANDARD VARIETIES

GIANT AFRICAN ALL-DOUBLE ORANGE.	.25	.70	1.25
GIANT AFRICAN ALL-DOUBLE LEMON.	.25	.70	1.25
PRINCE OF ORANGE.	.25	.70	1.25

Lieb's Winter Marigold Seeds

LIEB'S WINTER MARIGOLD: The original variety that has made the reputation for this group. An excellent winter flowering subject as well as nice for bedding. Originators packets, 50c each.

SEEDS FROM OUTDOOR GROWN PLANTS: Grown in Calif. from originators stock seeds. Satisfactory outdoors but forcing quality is unknown. 1-4 oz., \$.60; 1 oz., \$2.00

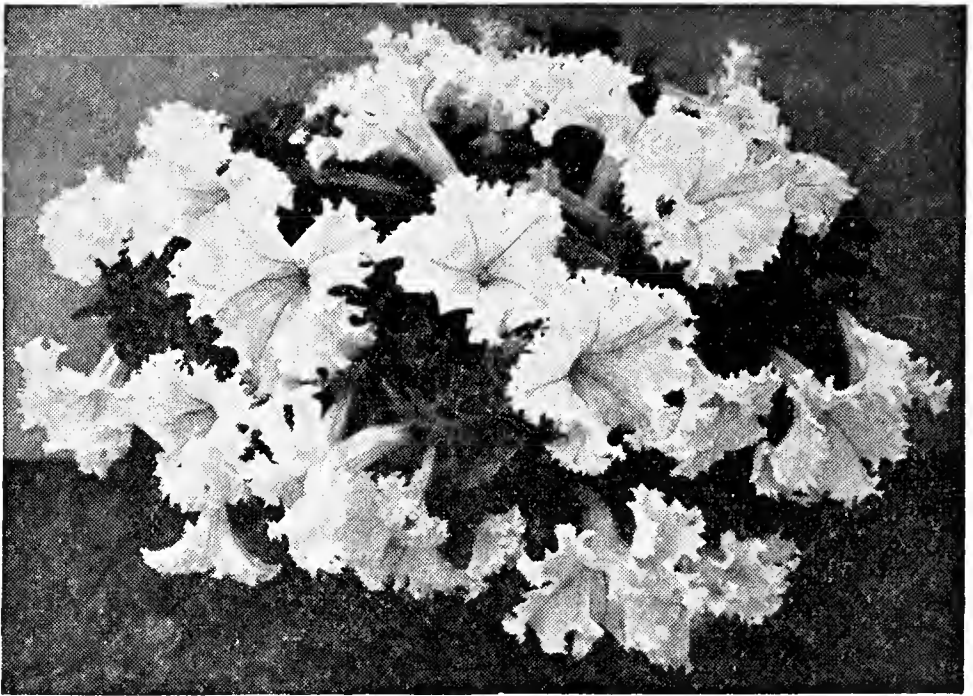

LIEB'S WINTER SUNSHINE: The new addition to this group. Golden orange with yellow center. Most attractive and worthy of your fullest trial. Originators packets, 75c each.

Plants

Here is an item which is proving popular for winter cutting. Now with the new Lieb's Winter Sunshine the color variety is broadened until this stock will make a most desirable item for you.

Leib's Winter Marigold: The original sort. Mahogany brown with golden yellow crested center. **PLANTS FROM BENCH, \$1.50 per 100.**

Lieb's Winter Sunshine. (NEW) Golden orange with yellow center. An excellent novelty released this year in seeds, and something you should give a trial. **PLANTS FROM BENCH, \$2.50 per 100.**

Salvia Seeds

Due to the instability of the viability of much of the Salvia seeds offered at low prices, we suggest that in comparing the stock offered here, it be remembered that we offer only seeds from a prominent and reliable American Salvia specialist. Please do not compare them with imported seeds of doubtful origin.

SCARLET VARIETIES	Tr pkt.	1-4 th.	1-2 oz.	1 oz

ZURICH—Early, 12 inches.....	.35	.60	1.00	2.00

Prices on larger quantities than those given herein, gladly supplied.

Florist Stocks

DOUBLE GIANTS OF CALIFORNIA:-

This new group should be given the attention and consideration of the florist who wishes to grow quality Stocks. They are of about the same habit as the Improved Bismarck group, but produce a longer spike, both in flower and stem. This strain produces a high percentage of doubles. Fine for indoor or outdoor growing.

We introduced this group to our patrons 3 years ago and supply only the originator's — Macdonald — seeds. Reports from growers using them has been most complimentary. This group will be found of double application, as when benched close, like the non-branching varieties, they can be made produce but a single mammoth flower spike. Benched in wider setting, habit is same as Bismarck only resulting flowers are much finer.

	Price per 1/8 oz.	1/4 oz.	1/2 oz.	1 oz.
GOLDEN GATE: Rich yellow.....	\$.50	\$1.00	\$1.90	\$3.50

QUALITY AMERICAN GROWN SEEDS

As nearly as possible we offer only American grown seeds from the most reliable breeders. The quality in the majority of cases is equal or superior to those obtainable elsewhere, and usually better adapted to American growing and markets. The cost is as low as GOOD RELIABLE SEEDS CAN BE GROWN AND DISTRIBUTED.

BODGER'S

Zinnia Seeds

GOLD MEDAL

Pansies are our own growing specialty and every care is taken in their breeding to produce seeds of unexcelled quality. Unquestionably in this field we are able to supply superior quality. In selecting all the other items offered in this catalogue we have used the same care that you do in buying our Pansies. We have gone direct to the foremost specialist in each field for our source of supply, therefore we offer only BODGER'S ZINNIAS. Being supplied by this specialist and subjected to our usual rigid laboratory and garden tests we feel confident that you can not find better stock than is offered below.

Zinnia Novelty FANTASY

FANTASY MIXTURE: Rounded double flowers composed of a mass of shaggy ray-like petals giving a most attractive appearance. Good stems. Colors from bright red and orange to delicate pink and cream.

Perennial Seeds

We offer this year for the first time a comprehensive list of Perennial seeds given below, and it is our belief that these seeds are as fine as is available. Our usual care in buying our stock from specialists exclusively prevails in these the same as in the past with all other seeds we offer, but do not personally grow. Testing, and care in handling, also prevails throughout this group and you will find these seeds most suitable for your plantings.

HARROLD'S

Southern - Oregon - Grown

Gladiolus Bulbs

All the stock offered here is grown in the Southern Oregon District that has made such a remarkable reputation for the quality of its bulbs in the past few years. Our stock is all grown on fresh clean ground each year, and the greatest care is exercised to produce a quality suitable to the requirements of the most critical professional grower. Our stock is disbudded to prevent drainage of energy from the bulbs caused when seeds are allowed to develop. **NO COMMERCIAL FLOWERS ARE CUT OR SOLD FROM THE BULBS WE OFFER HERE.**

The Oregon State department of agriculture is co-operating to the fullest possible extent with Oregon growers, to assure the shipment of pest free stock. A state-wide quarantine has been established covering treatment of both incoming, and outgoing shipments; and all Gladiolus stocks grown in Oregon must have passed the prescribed fumigation routine before they may be moved from the growers warehouse. This includes fumigation with Cynogas, at three applications spaced ten days apart; not only of the crop itself, but also the warehouse and all handling equipment. This routine is carried on under the personal supervision of a State Horticultural Inspector in every case. This combined with periodic field inspections throughout the growing season by the same inspector, leaves little to chance as to the good health and pest free condition of the bulbs. Science offers no more complete assurance of stock that will be free from thrips and other pests. You may buy Oregon grown Gladiolus with confidence.

Our prices are based upon competitive market prices current at this time for an equal quality of bulbs. You may have quotations even from other local firms that are below these quoted herein, but in comparing them you should remember the following facts. First: we do not grow the Gladiolus we offer here ourselves. Second: being contract grown by reliable, experienced growers. With our stock obtained only after the bulbs are ready for shipment and after a season of rigid field inspection, we are in a position to select for you the absolute cream of this district's crop. Third: We have no cull bulbs which must be sacrificed because of low quality, neither are we compelled to sluff off varieties that are not of value to the professional grower just because we had the stock and did not feel we could afford to throw it away. Fourth: We can best serve you by supplying a premium quality bulb even at a slight premium in price as by so doing you are in turn enabled to produce a premium product.

TERMS OF SALE

All Gladiolus offered herein are quoted net, except as noted, on a basis of cash with order; or 50 percent cash with order, balance c. o. d. Prices are all made for shipment and delivery being made f. o. b. the offices of the transportation agency at Grants Pass, Oregon. Shipment in every case, unless specifically ordered otherwise, will be by Express collect. Shipment in this manner may safely be made in the most severe weather. If l. c. l. heater freight service is available at your station, however, delivery by that means may safely be had at a saving of nearly half compared with Express; providing shipment weighs 100 pounds or more. See your local freight agent and make sure this heater services is available to your station before ordering winter shipments that way.

Orders for future delivery are sold as of date of placement, at which time order will be graded and assembled, and stored in our warehouse subject to the shippers instructions. No additional charge will be made for this storage, but aside from using due care exercised in storing the sellers own stock, no responsibility for shrinkage or warehouse spoilage natural to such conditions will be assumed. We suggest that where possible, all shipments be made by March 15th, as shrinkage and spoilage after that date increases here to a noticeable degree due to the earliness of our season.

PLEASE NOTE

As our supply is not inexhaustible in spite of huge stocks, all offers are made subject to availability on arrival of orders and therefore, early booking of needs is to be recommended. In the event of shortage of any item as ordered, *we will send equal value in the next larger or smaller size if they are available. This, of course, only where specific instructions in this matter are not given. Variety substitution on instruction only.*

GRADE SIZES

Our Gladiolus Grade Size Schedule conforms with that generally in use in this trade, namely: Number one size is 1½ inch and up; Number two, 1¼ to 1½; Number three, 1 to 1¼ and Number four ¾ to 1 inch. Size one and two in the standard grade is commonly used for indoor planting, while for outdoor work the smaller sizes often are found most suitable. Remember that unless ordered not to do so should we be out of size ordered next larger or smaller size to same value will be supplied.

QUANTITIES AND DISCOUNTS

Items quoted will not be supplied in quantities less than 50 cents per item, or orders for less than \$2.00. Where price is by the hundred 25 of a size and variety may be had at the hundred rate. Varieties quoted by the thousand will be supplied 250 of a size and variety at this rate. On these varieties when less than this quantity is desired add 10% to the thousand rate for the correct price in quantities less than 250 of a size and sort. The minimum in these varieties will be 50 bulbs per item.

SPECIAL QUANTITY DISCOUNTS: When order for Gladiolus amounts to \$100.00 a discount of 6% may be deducted when all cash accompanies the order; 10% on \$200.00 and up under the same conditions.

Newcomers Of Merit

BLUE ADMIRAL: Very large vigorous deep blue. Considered one of the best newer blues. Per 100: No. 1, \$20.00; No. 2, \$16.00; No. 3, \$12.00; No. 4, \$11.00.

CARIOCA: Oriental orange red. Robust growing and large strong bulbs. Price the same as Blue Admiral.

EARLY PEACH: Peach-red blending to ivory in throat or upper petals. Lower petals blotched a warm buff. Will become an outstanding commercial. Price same as Blue Admiral.

GERTRUDE SWENSON: Mauve with white blotch and mauve feather on lower petals. An Australian champion. Blooming size bulbs, 60c each.

HERITAGE: Clear pink with white throat. One of the largest exhibition Glads ever released. Price per bulb, No. 1, 40c; No. 2, 30c; No. 3, 20c; No. 4, 18c.

JONQUIL: Clear deep yellow without markings. Possibly the best of its color. Blooming size bulbs, 50c each.

NEW ERA: The outstanding show Glad. Eosine pink blended soft cream at throat. Florets are wide open, perfectly placed and beautifully frilled and ruffled. Price each: No. 1, \$4.00; No. 2, \$3.50; No. 3, \$3.00; No. 4, \$2.50; No. 5, \$2.00; No. 6, \$1.50.

PARADISE: A coming commercial of robust easy growth and a beautiful clear apricot color. Very large flower spikes and perfect placement. Per 100: No. 1, \$12.00; No. 2, \$10.00; No. 3, \$8.00; No. 4, \$6.50.

SHIRLEY TEMPLE: The outstanding new light cream Glad. Darker throat. Beautifully ruffled and a giant Picardy spike. Price each: No. 1, \$5.00; No. 2, \$3.75; No. 3, \$2.50; No. 4, \$2.00.

SOLVEIG: A fine ruffled white of velvety substance. Said to be the nearest perfect Glad yet produced and one of but two seedlings awarded the A. G. S. 1st Class Certificate in many years. Blooming size bulbs 20c each.

STAR OF BETHLEHEM: A new outstanding snow white with just a tinge of cream on lower petals. Per 100 bulbs. No. 1, \$22.00; No. 2, \$19.00; No. 3, \$15.00.

TIP TOP: A very large scarlet-red with deeper throat. Florets immense and a most attractive spike. Price per 100; No. 1, \$5.50; No. 2, \$4.50; No. 3, \$3.50.

VAGABOND PRINCE: A very unusual Glad. Garnet brown with glowing throat—an unusual novelty. Blooming size bulbs, \$1.50 each.

Free Air-Mail Service

On Seed Orders

READ CAREFULLY

Continuing our past policy of modern service, we will prepay additional Air-Mail post to any point in the United States on all seed items priced at the rate of \$2.00 per ounce or more; providing that your order is transmitted to us by Air-Mail and amounts to \$2.50 or more; without additional cost to you.

Otherwise, Air-Mail delivery may be obtained at the prevailing rate.

Saving in time to eastern points by using Air-Mail is about 50 per cent.

It is impractical, due to cost, to ship bulbs or plants Air-Mail.

Conditions Of Sale

PRICES as quoted, are net on a basis of cash with order. All orders not accompanied by remittance, and from parties who have not established credit with us will be forwarded C. O. D. when for seeds.

ALL bulbs and plants CASH WITH ORDER except by special arrangement.

REMITTANCE may be by any of the usual commercial methods. We do not accept stamps in place of remittance. Patrons outside the United States of America must remit in American funds, either by draft or money order. C. O. D. shipment or credit sales not made outside the U. S. A.

ALL ORDERS are received subject to supply available and crop conditions or any other situation beyond our control. Present business conditions also makes it necessary that we reserve the privilege to adjust our prices or terms without notice, to conform with varying conditions which may occur after this list is published.

SHIPMENT of seeds are all prepaid by insured post. Air-mail delivery service in the United States may be obtained without additional charge in accord with the conditions set forth above. All other stock is priced with delivery at the transportation office at Grants Pass, Oregon. Thereafter stock travels as the property of the purchaser and responsibility for safe delivery rests with transporting agency. In the event that loss is incurred in transite claim should be filed immediately with transport agency and full particulars of action be given us. While we can not insure such matters, our fullest co-operation will be given in obtaining proper adjustment in rare cases when such action may be necessary.

OUR RESPONSIBILITY: In view of the reasonable prices quoted herein, and the varied growing conditions under which the stock offered will be grown, it is manifestly impossible for us to warranty in any manner the crop resulting therefrom.

When shipping perishable goods, stock will be carefully packed and delivered to the transportation office and receipt obtained. Thereafter responsibility for delivery rests with the transportation agency.

Ordering from this list will be definitely construed as your acceptance of these terms, and the limitation of our liability for any cause to an amount not exceeding the actual purchase price.
